THE AUCTION VENUE

The **Washington Hotel** is located at **5 Curzon Street**, in the heart of London's Mayfair, two minutes walk from DNW's offices.

The auction takes place in the hotel's **Richmond Suite** on the lower ground floor, access to which is via a short flight of stairs leading from the hotel restaurant.

The hotel is a 3-minute walk from the nearest Underground station, **Green Park** (Piccadilly Jubilee and Victoria Lines, with links directly to Euston, King's Cross, Victoria [for Gatwick Airport] and Waterloo stations). It is a 40-minute direct journey from Heathrow Airport. Numerous buses stop at Green Park station. There is limited meter parking in Curzon Street and nearby streets.

Welcome to Auction 75, which this year is the first of the two official 2007 COINEX auctions that DNW are pleased to be staging in the two days prior to this year's International show. This catalogue of 1,362 lots brings together a wide range of British, Italian and world coins to suit every pocket and taste, while on Thursday we shall be offering 989 lots of ancient and early medieval coins, including one or two spectacular rarities, as well as some numismatic books.

The first 107 lots are devoted to an important group of silver coins of Charles I from an old private collection, unseen by any present-day students of the series until now. Halfcrowns and shillings from the Tower mint make up the bulk of the offering, including no less than two lightweight halfcrowns struck in the autumn of 1626 (lots 5-6), a number of fine work shillings and two patterns, one of which is illustrated on the front cover (lot 58). Among the Civil War issues is a Carlisle shilling (lot 97), three Chester halfcrowns (lots 89-91) and arguably the most attractive and broadly comprehensive group of coins of Newark and Pontefract to have come onto the market for many years (lots 98-107).

Next under the hammer are British silver coins from the collection of Ernest Danson, who sold a tranche of his collection through DNW in December 2005. Most of the coins here are unremarkable, but what distinguishes them is that they were almost all collected before 1950 and, like the Charles I pieces described above, have most attractive cabinet toning – a feature sadly absent from so many coins on the market today.

Over 25 lots are devoted to a collection of crowns, the property of a Cumbrian lady. Of special merit here is a William IV (lot 167), a George IV proof of 1821 (lot 166) and an attractive Cromwell (lot 154). In the hammered series, a recently-found portrait penny of Offa (lot 177), two rare Viking round halfpence (lots 182 and 184) and no less than two flag-type pennies of Stephen (lots 205-6) share the stage with an Elizabeth I fine sovereign (lot 272), a most attractive gold unite of 1660 (lot 326) and a good run of the contemporary silver (lots 327-349), mostly from one private collection.

There are several major rarities in the British milled series, of which the most valuable is a piédfort George IV five-pounds of 1826 with a plain edge (lot 491), boasting a lengthy pedigree almost back to the time it was struck. Other exotica include a George II proof two-guineas, 1733 (lot 411), George III pattern guineas of 1787 and 1813 (lots 433 and 439), a pattern two-pounds of 1820 (lot 477) and a restrike pattern halfpenny of 1790 in gold (lot 458). From the same era is a pattern 'Three Graces' crown in lead which had remained in the hands of the Wyon family until the 1960s (lot 482), while earlier coins of merit are an exceptional Charles II crown of 1679 (lot 359) and five-guineas of 1693 and 1701 (lots 384 and 393).

The day's third session commences with a broad range of Italian coins. Here you'll find a very rare 8th century denaro of Charlemagne from Milan (lot 728), an exceptionally rare 11th century tari of Salerno under Gisulfo II (lot 778), a Venetian ducat of Michele Morosini, doge for less than four months in 1382 (lot 804) and an attractive doppio of the 15th century Bolognese ruler Bentivoglio Conservatori (lot 715). The better World coins are condensed into 200 lots and feature an example of the famed South African gold threepence or 'Sammy Marks tickey' (lot 974), an Australian half-sovereign of 1858 in virtually mint state (lot 853), a Japanese oban of the Manen period (lot 915) and a Spanish Netherlands piédfort Philipsdaalder illustrated in the standard work (lot 1004). Last, but certainly not least, is an attractively toned USA dollar, 1795, from an old Northern Ireland collection (lot 1021) – another example of what silver coins should really look like...

Don't forget our other auction this week...

SILVER COINS OF CHARLES I FROM A PRIVATE COLLECTION

Tower mint

- 1 PATTERN UNITE, attributed to A. Vanderdort, in silver, mm. lis, bare-headed bust left, wearing collar over armour and the ribbon of the lesser George, no mark of value, rev. crowned scroll-garnished oval shield between crowned C R, 4.78g/12h (SCBI Brooker 1239-40, same dies; Allen vi; N 2655). Cast and chased, good very fine with attractive dark grey tone, rare (£800-1,000)

The use of mm. lis is somewhat enigmatic since it was otherwise used only for the coinage of 1625 when the ruff was still in fashion. Of the other patterns in the small series in high relief attributed to Vanderdort, this most resembles the five unites bearing mm. rose (the Juxon Medal). In the cataloguer's opinion, this unite was probably produced c. 1632-3 and the lis mark possibly contemplated for re-use with the coinage of group D but vetoed (the thistle, lis, rose and trefoil marks had all been used twice during the previous reign). The attribution to Vanderdort rests with the documentary evidence referring to patterns for five, three and one pound pieces in high relief. An early stipulation of Nicholas Briot's appointment was that he was not permitted to engrave the royal arms, but this restriction was clearly lifted as evidenced by his pattern unites of 1630 which were struck in low relief (N 2659-62)

- 2 HALFCROWN, Gp I, mm. lis, rose on housings, groundline below horse, rev. square-topped shield over cross fourchée, 14.45g/2h (SCBI Brooker 276 and 276A, same obv. die; N 2200; S 2763). Fine, olive tone, scarce (£150-180)

- 3 HALFCROWN, Gp I, mm. lis, housings decorated, no rose or groundline, rev. similar, stop after REGNO, 14.41g/3h (SCBI Brooker 278-81; N 2201; S 2764). Struck on a widespread flan, two small attempted piercings on saddle, otherwise good fine (£200-250)

- 4 HALFCROWN, Gp I, mm. lis, housings decorated, no groundline, rev. plume above square-topped shield, no stops, 14.45g/12h (SCBI Brooker 281 obv./282 rev., same dies; N 2203; S 2767). Obverse with some old surface corrosion and hairline scratches, fair, reverse very fine, very rare (£300-350)

- 5 HALFCROWN, Gp I, lightweight issue, mm. cross Calvary (over lis on obv.), from the same obv. die as previous, rev. plume above square-topped shield, 13.09g/2h (SCBI Brooker 281 obv./289 rev., same dies; N 2203; cf. S 2767). Obverse good fine, reverse about very fine, light grey tone, extremely rare (£800-1,000)

On 14 August 1626 the Mint was instructed to reduce the standard weight of the coins (SCBI Brooker p.xxv). The light coinage was discontinued on 8 November 1626 and, until comparatively recently, only shillings were believed to have been struck. However, a small canon of lightweight halfcrowns is also known (Spink *Standard Catalogue*, p.267), to which this and the following lot belong

- 6 HALFCROWN, Gp I, lightweight issue, mm. cross Calvary, rev. square-topped shield, normal garnishing, 12.71g/2h (SCBI Brooker 283-4; N 2202; S 2766). Some corrosion, fair to fine, very rare (£250-300)

- 7 HALFCROWN, Gp I, mm. cross Calvary, rev. square-topped shield, normal garnishing, 15.09g/11h (SCBI Brooker 284, same dies; N 2202; S 2766). Reverse slightly double-struck, otherwise fine (£150-200)

- 8 HALFCROWN, Gp I, mm. anchor (flukes to right on rev.), rev. plume above square-topped shield, plain garniture [as used for the Unites of James I], 14.83g/4h (SCBI Brooker 293-4; N 2203; S 2767). Striking splits at 2 and 8 o'clock with resultant hairline surface cracks on reverse, otherwise about fine, very rare (£300-400)

- 9 HALFCROWN, Gp II, mm. plume, second horseman, rev. oval scroll-garnished shield, lis with floral spray between C R at top, pellets in field, 14.80g/4h (SCBI Brooker 300-2; N 2205; S 2769). Scratches both sides, otherwise fine (£80-100)

- 10 HALFCROWN, Gp II, mm. plume, rev. plume between C R at top of scroll-garnished shield, lis projecting each side and rose petal at base, 14.12g/5h (SCBI Brooker –; Burstal 270, same dies; N 2206; S 2770). *Fair, the type extremely rare with this mintmark (£500-700)*

Joanna Tansley Collection, DNW Auction 67, 28 September 2005, lot 427.

Although this piece resembles the style of the 1963 series trials, the weight bears no relation to any of the pieces in it. The vendor in 2005 was of the opinion that it may owe its existence to the fact that the shape of the 50p coin was the subject of considerable debate. In the appendix to the government report, *Decimal Currency in the United Kingdom* (HMSO, 1966), the suggested size for the 50p was circular and 30mm; perhaps this piece dates to that time

Joanna Tansley Collection, DNW Auction 67, 28 September 2005, lot 434.

At the beginning of the 1980s inflation meant that the purchasing power of the 10p and 5p was decreasing, and the need of a coin with a value between 10p and 50p was becoming more apparent. The 25p, struck at that time only to commemorate special events, hardly ever saw circulation because of its unwieldy size. During 1981 experiments with a small seven-sided shape produced a trial 25p, bearing an orb topped by a cross; the only surviving examples appear to be those in the Royal Mint collection. At some later stage it was decided not to proceed with a small 25p, but instead tariff the coin at 20p, in which form it was introduced in 1982. This struck blank appears to be the only survivor outside the Royal Mint from the period of these early trial

- 4 TRIAL CURRENCY DECIMAL COIN SET, series 1, comprising Twenty Pence, cupro-nickel, edge grained, 36mm, 22.77g; Ten Pence, cupro-nickel, edge grained, 28.5mm, 11.39g; Five Pence, cupro-nickel, edge grained, 24mm, 6.02g; Two Pence, bronze, edge plain, 26mm, 7.10g; Penny, bronze, edge plain, 20mm, 3.56g; Halfpenny, bronze, edge plain, 17mm, 2.00g, all with obvs. plain, revs. numerical mark of value [6]. All toned and some with light handling marks, otherwise as struck, a very significant set of the highest rarity (£500-700)

Joanna Tansley Collection, DNW Auction 67, 28 September 2005, lot 417.

The trials in this lot were among the actual pieces circulated at meetings of the Decimal Currency Committee by Sir Jack James, CB (1906-80), Deputy Master of the Mint, in order to aid discussion of possible options. Following the publication of the report of the Committee the pieces were retained by John Rimington, the Committee's assistant secretary, until being placed on the open market in November 1997. Only two other sets with comparable status exist in private hands. The Two Pence and Penny in this set are identical in composition, size and weight to the present pieces and they can thus be regarded as **the unique lineal ancestors of today's decimal bronze coins**. This set represents the coinage actually recommended by the Committee in their report, it being a 'given' that the florin and shilling had to retain their existing size, shape and value at 10p and 5p respectively, while the weight of a 20p was similarly a 'given' although the large size of the coin was seen as a disadvantage. With this in mind the Committee asked the Mint to produce a stubbier 20p blank of the same weight, but was repelled by its appearance and, aided by the complete indifference of Sir Jack James to such a thick coin, the matter was quietly dropped

This piece was struck on one of the Cincinnati presses installed at Llantrisant and set up for the initial striking of the New Penny. The only possible time the die-pairing could have existed is at the Royal Mint, as the 'Britannia Moneta' dies are never allowed to leave the facility; the Cincinnati die would have been brought in to the Mint, used to set up the press and demonstrate that the die was correctly set, as part of the commissioning process, then removed from the site when Cincinnati's engineers left

215 struck for the mining magnate Samuel Marks.

The entrepreneur Samuel Marks (1843-1920), born in Lithuania, arrived in Cape Town in 1868 where he began his career by hawking cheap jewellery and cutlery. Later he moved to Kimberley where he went into business with his brother-in-law Isaac Lewis and Jules Porges; together they formed the French Diamond Mining Company. Later Lewis and Marks relocated to the Eastern Transvaal, and after trading in the boomtown of Barberton, established the African and European Investment Company, which became a major Rand finance house with controlling interests in several gold mines. Marks also developed the Viljoen's Drift coal mine and encouraged the expansion of the Witbank coalfields. He was a close friend and admirer of Paul Kruger and a popular figure within the Transvaal business community, serving as a senator in the Union Parliament from 1910 until his death in 1920 in Johannesburg

IMPORTANT INFORMATION FOR BUYERS

Absentee Bids

If instructed we will execute bids and advise intending purchasers. No charge is made for this service. Lots will always be bought as cheaply as is allowed by such other bids and reserves as are on our books. In the event of identical bids, the earliest will take precedence. Always indicate a 'top limit' – the amount to which you would bid if you were attending the auction yourself. 'Buy' or unlimited bids will not be accepted.

All bids must be confirmed in writing, by fax or e-mail and should be received by 6pm GMT on the day before the auction. Although we will endeavour to execute all late bids, Dix Noonan Webb cannot accept responsibility for any bids received on the day of the auction itself.

Commission Form

Further advice to bidders and purchasers may be found on the commission form included with this catalogue. Please use this form when sending bids to us.

Buyers' Premium

A buyers' premium on the hammer price (plus VAT if resident in the European Union) is payable by the buyer of all lots. For coins, tokens, orders, decorations, war medals, militaria and banknotes this is 15 percent; for historical and art medals, 17.5 percent; for cabinets and numismatic books, 20 percent.

Pre-sale Estimates

The pre-sale estimates are intended as a guide for prospective purchasers. Any bid between the listed figures would, in our opinion, offer a fair chance of success. However all lots, depending on the degree of competition, can realise prices either above or below the listed estimates.

Methods of Payment

All payments must be made in pounds sterling. Payment may be made by transfer direct to Dix Noonan Webb's account at:

Please include your name, account number and invoice number with the instructions to the bank.

Alternative methods of payment which will enable immediate clearance of purchases include cash, bankers drafts, credit cards (Master Card, Visa and American Express) and debit cards. Although personal and company cheques are accepted, buyers are advised that property will not be released until such cheques have cleared.

Please note that we will not accept cash payments in excess of £5,000 (five thousand pounds) in settlement for purchases made at any one auction.

Purchases will be despatched as soon as possible upon receipt of your written despatch instructions and full payment in pounds sterling for the lots you have bought. Carriage will be at the buyer's expense. Estimates and advice on all methods of despatch can be provided upon request.

All credit card payments are subject to an additional charge of 2 percent.

Insurance cover will be arranged unless otherwise specified and will be added to the carriage charge.

Clearance of Purchases

Buyers who have not established a credit arrangement with Dix Noonan Webb will be asked to pay for their purchases in pounds sterling when they wish to take possession of them. It is regretted that Dix Noonan Webb cannot take banker's references over the telephone at the time of clearance and that buyers cannot take possession of their purchases until cheques are cleared.

If buyers wish to pay for their purchases by cheque they are urged to arrange clearance of their cheques well in advance of the sale by supplying appropriate banker's references.

Buyers will be requested to supply a reasonable means of identification at the time of payment.

Lots will only be released to the purchaser, or his or her authorised representative, if full payment in pounds sterling has been received by Dix Noonan Webb, together with settlement of any charges due.

CONDITIONS OF BUSINESS

2 Minimum increment

The auctioneer shall have the right to refuse any bid which does not exceed the previous bid by at least 5 percent or by such other proportion as the auctioneer shall in his absolute discretion direct.

3 The premium

The buyer shall pay to Dix Noonan Webb a premium on the 'hammer price' in accordance with the percentages set out in paragraph 4 above and agrees that Dix Noonan Webb, when acting as agent for the seller, may also receive commission from the seller in accordance with Condition 15.

Immediately a lot is sold the buyer shall:

(a) give to Dix Noonan Webb his or her name and address and, if so requested, proof of identity; and

(b) pay to Dix Noonan Webb the 'total amount due' in pounds sterling (unless credit terms have been agreed with Dix Noonan Webb before the auction). Please note that we will not accept cash payments in excess of £5,000 (five thousand pounds) in settlement for purchases made at any one auction.

6 Dix Noonan Webb may, at its absolute discretion, agree credit terms with the buyer before an auction under which the buyer will be entitled to take possession of lots purchased up to an agreed amount in value in advance of payment by a determined future date of the 'total amount due'.

7 Any payments by a buyer to Dix Noonan Webb may be applied by Dix Noonan Webb towards any sums owing from that buyer to Dix Noonan Webb on any account whatever, without regard to any directions of the buyer, his or her agent, whether expressed or implied.

8 Collection of purchases

The ownership of the lot(s) purchased shall not pass to the buyer until he or

she has made payment in full to Dix Noonan Webb of the 'total amount due' in pounds sterling.

9 (a) The buyer shall at his or her own expense take away the lot(s) purchased not later than 5 working days after the day of the auction but (unless credit terms have been agreed in accordance with Condition 7) not before payment to Dix Noonan Webb of the 'total amount due'.

(b) The buyer shall be responsible for any removal, storage and insurance charges on any lot not taken away within 5 working days after the day of the auction.

(c) The packing and handling of purchased lots by Dix Noonan Webb staff is undertaken solely as a courtesy to clients and, in the case of fragile articles, will be undertaken only at Dix Noonan Webb's discretion. In no event will Dix Noonan Webb be liable for damage to glass or frames, regardless of the cause.

10 Buyers' responsibilities for lots purchased

The buyer will be responsible for loss or damage to lots purchased from the time of collection or the expiry of 5 working days after the day of the auction, whichever is the sooner. Neither Dix Noonan Webb nor its servants or agents shall thereafter be responsible for any loss or damage of any kind, whether caused by negligence or otherwise, while any lot is in its custody or under its control.

11 Remedies for non-payment or failure to collect purchase

If any lot is not paid for in full and taken away in accordance with Conditions 6 and 10, or if there is any other breach of either of those Conditions, Dix Noonan Webb as agent of the seller shall, at its absolute discretion and without prejudice to any other rights it may have, be entitled to exercise one or more of the following rights and remedies:

- (a) to proceed against the buyer for damages for breach of contract.
- (b) to rescind the sale of that or any other lots sold to the defaulting buyer at the same or any other auction.
- (c) to re-sell the lot or cause it to be re-sold by public auction or private sale and the defaulting buyer shall pay to Dix Noonan Webb any resulting deficiency in the 'total amount due' (after deduction of any part payment and addition of re-sale costs) and any surplus shall belong to the seller.
- (d) to remove, store and insure the lot at the expense of the defaulting buyer and, in the case of storage, either at Dix Noonan Webb premises or elsewhere.
- (e) to charge interest at a rate not exceeding 2 percent per month on the 'total amount due' to the extent it remains unpaid for more than 5 working days after the day of the auction.
- (f) to retain that or any other lot sold to the same buyer at the sale or any other auction and release it only after payment of the 'total amount due'.
- (g) to reject or ignore any bids made by or on behalf of the defaulting buyer at any future auctions or obtaining a deposit before accepting any bids in future.
- (h) to apply any proceeds of sale then due or at any time thereafter becoming due to the defaulting buyer towards settlement of the 'total amount due' and to exercise a lien on any property of the defaulting buyer which is in Dix Noonan Webb's possession for any purpose.

12 Liability of Dix Noonan Webb and sellers

(a) Goods auctioned are usually of some age. All goods are sold with all faults and imperfections and errors of description. Illustrations in catalogues are for identification only. Buyers should satisfy themselves prior to the sale as to the condition of each lot and should exercise and rely on their own judgement as to whether the lot accords with its description. Subject to the obligations accepted by Dix Noonan Webb under this Condition, none of the seller, Dix Noonan Webb, its servants or agents is responsible for errors of descriptions or for the genuineness or authenticity of any lot. No warranty whatever is given by Dix Noonan Webb, its servants or agents, or any seller to any buyer in respect of any lot and any express or implied conditions or warranties are hereby excluded.

(b) Any lot which proves to be a 'deliberate forgery' may be returned by the buyer to Dix Noonan Webb within 15 days of the date of the auction in the

same condition in which it was at the time of the auction, accompanied by a statement of defects, the number of the lot, and the date of the auction at which it was purchased. If Dix Noonan Webb is satisfied that the item is a 'deliberate forgery' and that the buyer has and is able to transfer a good and marketable title to the lot free from any third party claims, the sale will be set aside and any amount paid in respect of the lot will be refunded, provided that the buyer shall have no rights under this Condition if:

- (i) the description in the catalogue at the date of the sale was in accordance with the then generally accepted opinion of scholars and experts or fairly indicated that there was a conflict of such opinion; or
- (ii) the only method of establishing at the date of publication of the catalogue that the lot was a 'deliberate forgery' was by means of scientific processes not generally accepted for use until after publication of the catalogue or a process which was unreasonably expensive or impractical.

(c) A buyer's claim under this Condition shall be limited to any amount paid in respect of the lot and shall not extend to any loss or damage suffered or expense incurred by him or her.

(d) The benefit of the Condition shall not be assignable and shall rest solely and exclusively in the buyer who, for the purpose of this condition, shall be and only be the person to whom the original invoice is made out by Dix Noonan Webb in respect of the lot sold.

Conditions mainly concerning Sellers and Consignors

13 Warranty of title and availability

The seller warrants to Dix Noonan Webb and to the buyer that he or she is the true owner of the property or is properly authorised to sell the property by the true owner and is able to transfer good and marketable title to the property free from any third party claims. The seller will indemnify Dix Noonan Webb, its servants and agents and the buyer against any loss or damage suffered by either in consequence or any breach on the part of the seller.

14 Reserves

The seller shall be entitled to place prior to the auction a reserve on any single item lot which has a minimum value of £100, being the minimum 'hammer price' at which that lot may be treated as sold. A reserve once placed by the seller shall not be changed without the consent of Dix Noonan Webb. Dix Noonan Webb may at their option sell at a 'hammer price' below the reserve but in any such cases the sale proceeds to which the seller is entitled shall be the same as they would have been had the sale been at the reserve. Where a reserve has been placed, only the auctioneer may bid on behalf of the seller.

15 Authority to deduct commission and expenses

The seller authorises Dix Noonan Webb to deduct commission at the 'stated rate' and 'expenses' from the 'hammer price' and acknowledges Dix Noonan Webb's right to retain the premium payable by the buyer.

16 Rescission of sale

If before Dix Noonan Webb remit the 'sale proceeds' to the seller, the buyer makes a claim to rescind the sale that is appropriate and Dix Noonan Webb is of the opinion that the claim is justified, Dix Noonan Webb is authorised to rescind the sale and refund to the buyer any amount paid to Dix Noonan Webb in respect of the lot.

17 Payment of sale proceeds

Dix Noonan Webb shall remit the 'sale proceeds' to the seller not later than 35 days after the auction, but if by that date Dix Noonan Webb has not received the 'total amount due' from the buyer then Dix Noonan Webb will remit the sale proceeds within five working days after the date on which the 'total amount due' is received from the buyer. If credit terms have been agreed between Dix Noonan Webb and the buyer, Dix Noonan Webb shall remit to the seller the sale proceeds not later than 35 days after the auction unless otherwise agreed by the seller.

18 If the buyer fails to pay to Dix Noonan Webb the 'total amount due' within 3 weeks after the auction, Dix Noonan Webb will endeavour to notify the seller and take the seller's instructions as to the appropriate course of

action and, so far as in Dix Noonan Webb's opinion is practicable, will assist the seller to recover the 'total amount due' from the buyer. If circumstances do not permit Dix Noonan Webb to take instructions from the seller, the seller authorises Dix Noonan Webb at the seller's expense to agree special terms for payment of the 'total amount due', to remove, store and insure the lot sold, to settle claims made by or against the buyer on such terms as Dix Noonan Webb shall in its absolute discretion think fit, to take such steps as are necessary to collect monies due by the buyer to the seller and if necessary to rescind the sale and refund money to the buyer.

19 If, notwithstanding that the buyer fails to pay to Dix Noonan Webb the 'total amount due' within three weeks after the auction, Dix Noonan Webb remits the 'sale proceeds' to the seller, the ownership of the lot shall pass to Dix Noonan Webb.

20 Charges for withdrawn lots

Where a seller cancels instructions for sale, Dix Noonan Webb reserve the right to charge a fee of 15% of Dix Noonan Webb's then latest estimate or middle estimate of the auction price of the property withdrawn, together with Value Added Tax thereon if the seller is resident in the European Union, and 'expenses' incurred in relation to the property.

21 Rights to photographs and illustrations

The seller gives Dix Noonan Webb full and absolute right to photograph and illustrate any lot placed in its hands for sale and to use such photographs and illustrations and any photographs and illustrations provided by the seller at any time at its absolute discretion (whether or not in connection with the auction).

22 Unsold lots

Where any lot fails to sell, Dix Noonan Webb shall notify the seller accordingly. The seller shall make arrangements either to re-offer the lot for sale or to collect the lot.

23 Dix Noonan Webb reserve the right to charge commission up to one-half of the 'stated rates' calculated on the 'bought-in price' and in addition 'expenses' in respect of any unsold lots.

General conditions and definitions

24 Dix Noonan Webb sells as agent for the seller (except where it is stated wholly or partly to own any lot as principal) and as such is not responsible for any default by seller or buyer.

25 Any representation or statement by Dix Noonan Webb, in any catalogue as to authorship, attribution, genuineness, origin, date, age, provenance, condition or estimated selling price is a statement of opinion only. Every person interested should exercise and rely on his or her own judgement as to such matters and neither Dix Noonan Webb nor its servants or agents are responsible for the correctness of such opinions.

26 Whilst the interests of prospective buyers are best served by attendance at the auction, Dix Noonan Webb will, if so instructed, execute bids on their behalf. Neither Dix Noonan Webb nor its servants or agents are responsible for any neglect or default in doing so or for failing to do so.

27 Dix Noonan Webb shall have the right, at its discretion, to refuse admission to its premises or attendance at its auctions by any person.

28 Dix Noonan Webb has absolute discretion without giving any reason to refuse any bid, to divide any lot, to combine any two or more lots, to withdraw any lot from the auction and in case of dispute to put up any lot for auction again.

29 (a) Any indemnity under these Conditions shall extend to all actions, proceedings costs, expenses, claims and demands whatever incurred or suffered by the person entitled to the benefit of the indemnity.

(b) Dix Noonan Webb declares itself to be a trustee for its relevant servants and agents of the benefit of every indemnity under these Conditions to the extent that such indemnity is expressed to be for the benefit of its servants and agents.

30 Any notice by Dix Noonan Webb to a seller, consignor, prospective bidder or buyer may be given by first class mail or airmail and if so given shall be deemed to have been duly received by the addressee 48 hours after posting.

31 These Conditions shall be governed by and construed in accordance with English law. All transactions to which these Conditions apply and all matters connected therewith shall also be governed by English law. Dix Noonan Webb hereby submits to the exclusive jurisdiction of the English courts and all other parties concerned hereby submit to the non-exclusive jurisdiction of the English courts.

32 In these Conditions:

(a) 'catalogue' includes any advertisement, brochure, estimate, price list or other publication;

(b) 'hammer price' means the price at which a lot is knocked down by the auctioneer to the buyer;

(c) 'total amount due' means the 'hammer price' in respect of the lot sold together with any premium, Value Added Tax chargeable and additional charges and expenses due from a defaulting buyer in pounds sterling;

(d) 'deliberate forgery' means an imitation made with the intention of deceiving as to authorship, origin, date, age, period, culture or source which is not shown to be such in the description in the catalogue and which at the date of the sale had a value materially less than it would have had if it had been in accordance with that description;

(e) 'sale proceeds' means the net amount due to the seller being the 'hammer price' of the lot sold less commission at the 'stated rates' and 'expenses' and any other amounts due to Dix Noonan Webb by the seller in whatever capacity and howsoever arising;

(f) 'stated rate' means Dix Noonan Webb published rates of commission for the time and any Value Added Tax thereon;

(g) 'expenses' in relation to the sale of any lot means Dix Noonan Webb charges and expenses for insurance, illustrations, special advertising, packing and freight of that lot and any Value Added Tax thereon;

(h) 'bought-in price' means 5 percent more than the highest bid received below the reserve.

33 Vendors' commission of sales

A commission of 15 percent is payable by the vendor on the hammer price on lots sold.

34 VAT

Commission, illustrations, insurance and advertising are subject to VAT if the seller is resident in the European Union.
